DURABILITY

Our continuously welded frame, composite cab and rugged drive-train have been designed from the ground up, to run in the toughest conditions.

MAINTAINABILITY

Bolt-On/Off Technology means maximizing uptime during regular maintenance intervals - your operations depend on it!

PERFORMANCE

Better ergonomics, visibility and safety are key to ensuring driver comfort and performance, so that your business runs 24/7.

The TICO Pro-Spotter incorporates bolt-on/off technology that decreases maintenance downtime, while the larger modern cab offers improved operator ergonomics, visibility and safety.

FACT:

2 out of 3 shunting operations who experience Pro-Spotter in a real-world application, **acquire one.**

This is what exceptional durability, maintainability and performance looks like.

SAFETY & COMFORT

- Additional 6" in cab depth and 5" in width
- Decreased steering column size with 18" tilt
- Front windshield increased by 30% and driver window powered
- Power supply on dash for onboard computer
- Full-width & height cab protection bar
- All windows pop/kick out in case of emergency

STRENGTH & DURABILITY

- Industry's strongest frame with continuous welds
- Corrosion-proof and temperature-neutral reinforced composite cab
- Tubular steel protection maintained around cab base
- 4-point dual air bag suspension and cab stabilizer keep cab from twisting
- High-impact absorption cab fenders
- Galvanized option available

PERFORMANCE

- Superior engine performance: diesel, natural gas, compressed natural gas or propane options available
- Heavy-duty, high-flow cylinder heads improve efficiency and reduce emissions
- 65 gallon fuel tank maximizes up time with deep steps for easier access
- 20 gpm hydraulic pump for faster hoist speeds and heavier weight load
- 2' skid ramps and 20° rear frame taper for easy trailer pick-up

At TICO Eastern Canada, we work tirelessly to understand and support our clients' businesses, offering state-of-the-art equipment and comprehensive dealer support.

Whether looking for a 360° end-to-end implementation process, a tailored leasing program, preventive maintenance packages, new or used equipment sales, disposing of old equipment, or 24/7 genuine parts support, TICO Eastern Canada will help you build a superior business.
